Dear Kent & Becky,

A belated thank you for bringing your DigiKids Program to our Open House this past Fall. The families that ordered kits were happy with the product. It has given them a sense that they have what they need in case the unthinkable happens.

Also, the process was incredibly quick and easy. One of the biggest things was the ability to walk away from your booth with the ID's in hand. In the past we have used an alternate product and have had to wait several weeks for it and then try to distribute it – no easy task!

We wish you continued success and hope that we will be able to have you at another event in 2006.

Sincerely,

Erin Williamson  
President
