

CHAMBER OF COMMERCE

January 15, 2009

TO WHOM IT MAY CONCERN:

I recently met with Mr. Eduardo Hinojosa, who manages DIGIKIDS locally. DIGIKIDS is a member of the Laredo Chamber that specializes in ID kits for children. It occurred to me that his company's services might be a good fit for one of your promotional events in the future.

Mr. Hinojosa offers for a relatively low cost what may be an attractive package for either prospective customers or your company employees – i.e., a readily produced CD with child photos, medical information, etc. It may be something for you to consider for one of your upcoming promotional activities.

Let me assure you that Mr. Eduardo Hinojosa is a serious individual and that DIGIKIDS is a company that is well established at the national level.

For additional information about DIGIKIDS feel free to contact Mr. Hinojosa at (956) 791-5695 or E-mail at eduardo.hinojosa@digikids-id.com.

Thank you.

Sincerely,

Miguel A. Conchas
President/CEO
