Dear Mr. Poss,

Thank you very much for working with Brauchle Elementary to provide our community with the DIGIKIDS product. I think we had a great response from our families because your simple, yet effective presentation at the PTA meeting really made an impact on them.

You were true to your words when you said that you would only spend about two minutes with each child and that the entire process would be very simple. Everyone agrees that receiving their DIGIKIDS product the same day they sent the money to school was a convenient aspect of the project.

Thank you again for providing such an important service and for being so easy to work with! I know this is the beginning of a very important business relationship for this school and the community we serve.

I look forward to working with you again next year.

Sincerely,

Eleanor J. Maxwell
