***COMAL ELEMENTARY SCHOOL***

March 6, 2006

Dear Mr. Poss & DIGIKIDS Staff,

Thank you for coming to Comal Elementary to offer DIGIKIDS to our parents. We received many positive comments from parents who participated, and feel many more will want to participate next year. The process was simple and required very little assistance from our staff. The product is clearly more inclusive than others we have seen. Having the product for kids to take home the same day was beneficial as well.

Your staff was friendly and courteous and very flexible with the daily events that occur in an elementary school! Thank you again for providing us with the DIGIKIDS service. We look forward to working with you again.

Sincerely,

Joni Coker  
Assistant Principal  
Comal Elementary School
