Dear Mr. Poss,

Thank you very much for working with Powell Elementary to provide our community with the DIGIKIDS product. You were very easy to work with and we appreciate the efficient manner in which you worked with our students.

Although this was a new service for our community we hope that next year we will have even more participation from our school community. The DIGIKIDS concept is a very important service and our hope is to build this business relationship in the future.

Thank you again and we look forward to working with you next year.

Sincerely,
