Dear Mr. Poss,

Thank you very much for bringing the DIGIKIDS Child Safety Program to Locke Hill Elementary. I was very pleased with the response from our families. In addition, numerous parents have told me how pleased they are with the product. Parents feel like they have valuable, easy to use tools in the event the unthinkable does happen.

As the campus principal, I was pleased with how easy it was to complete the DIGIKIDS process. It took very little time to process each child, and it required very little additional work for the classroom teachers. I also like the fact the students got to take the DIGIKIDS product home the same day they had their photos taken.

Once again, thank you for providing such a valuable and important service to our school and community, and for being so easy to work with. I look forward to having you and DIGIKIDS back at Locke Hill next year.

Sincerely,

A handwritten signature in cursive script that reads "Betsy Wynn".
