November 10, 2005

Dear Potential Digi-Kids Customer,

It is with great confidence that I recommend the Digi-Kids program and Jentry Poss to your campus.

Our school had the pleasure of doing business with Mr. Poss in October of 2005. Mr. Poss promised us that the process would be quick, easy and have limited disruption to the school day. He was true to his word! The event was scheduled over a two day period and students were called from class to go through the ID processing. Each student was finished in about 2 minutes. The second day, the entire process was wrapped up by lunch time.

I was also very impressed with Mr. Poss' professionalism and efficiency. All flyers were delivered on time and were already counted out for each teacher. He even put the flyers in the boxes. His consideration of the office staff and their time was evident.

Lastly, Mr. Poss handed us a check for our portion of the profits the very day the event was over!

Parents were also very satisfied with the product. I had no complaints and many compliments about the service. Our campus is already thinking of ways to increase participation next year.

Should your community be interested in safety and identification cards for students and should you be looking for a small fundraiser that is truly no burden on the school, I highly recommend using Jentry Poss and the Digi Kids program.

Sincerely,

Shana Hansen, Principal
