Red McCombs Toyota
Sent Via Email

Jentry,

Just wanted to take time out to say "thank you" for the DIGIKIDS event that you held at my dealership. The response was great and the comments that we received from customers and employees was fantastic. Parents were quick to realize what a great tool this was for them in playing a proactive role in the safety of their children. If all the efforts would only lead to saving one child's life, then it certainly is a worthwhile event. Feel free to use me as a reference point should anyone consider having the event at their place of business.

Sincerely,

Ronnie Bernal
Gen. Mgr.
