**To Whom It May Concern:**

**We recently had the opportunity of working with Jentry Poss from DIGIKIDS.**

**I have rarely had the privilege of working with a company and representative as professional as DIGIKIDS.**

**Mr. Poss came to our school and gave a very informative presentation and followed through with all we had discussed. After scheduling a child identification event, DIGIKIDS took care of ALL the details. They provided us packets for every child, divided up by classroom, as well as an introduction letter to each family. They made distribution incredibly easy.**

**The day of the event, DIGIKIDS was on time, and the program went extremely smooth and was a complete success. Our families were very pleased with the results.**

**We are happy to recommend DIGIKIDS to any organization looking for an identification program; and we look forward to working with them for many years to come.**

**Sincerely,**
