Subject DIGIKIDS Event - March 15th, 2008

03/18/2008 03:00 PM

Dear Barbara,

It was a joy working with you and your "team" last Saturday. You have the set-up and delivery processes down to a science. Tom and I were delighted with the turn out. We never dreamed we would reach over fifty children. All of the feedback we heard from the parents was very positive.

One of Tom's staff members brought both of his children. Two of our neighbors brought their children also. That level of confidence speaks to the great reputation Digikids has within our community. Many of the people coming into Peter Piper's Pizza said that they were already registered.

Thanks a million for all your hard work.

Sincerely,

A handwritten signature in blue ink that reads "Tom & Madeline Haynie".
