Dear Barbara,

The Greater Lewisville YMCA was honored to have you at our Healthy Kids Day Event March 1, 2008. You exceeded our expectations and the parents and children of this community are truly appreciative of your services.

I feel safer knowing that DigiKids is in our community. I believe in this product and most important I believe in the people who represent DigiKids. I am excited to know that DigiKids puts children safety first and helps parents find a calm in the middle of a storm. I can't imagine losing my child and not having the proper information to find him fast and efficiently. Now with this wonderful program I don't have to worry about forgetting that important scar or birthmark because it's already documented for me.

The YMCA was very impressed with your service and we can only hope to do business with you again. Thank you for all of your hard work and giving back to this community. What a wonderful program!

Thank You,

Olivia Yarnell
